

Compact UL Rated TL-15 Controlled Substance and Pharmacy Container

DEA/DoD regulations require most **Controlled Substances** to be stored in a **GSA Approved Class 5 Container or UL Rated Burglary Resistant Safe**. For complete requirements visit the **DEA, Office of Diversion Control** website. Refer to the **“Security Outline of the Controlled Substances Act of 1970.”** Additional, Non-Practitioner requirements may apply, such as weight minimums, normally exceeding 750 Lbs, and an external monitored alarm.

UL Rated Burglary Resistant TL-15 Composite Safe Specifications:

Empty Weight – 1421 Lbs. Fire Rated 2 Hours @ 350° F

<u>Description</u>	<u>Interior</u>	<u>Exterior</u>
Depth	25 3/4”	33 5/8”
Width	24”	29”
Height	32”	36”

This medium Underwriter's Laboratories (UL) Rated TL-15 Composite Safe is specifically designed as a DEA Approved container for locations which have moderate storage requirements. The unit's weight of 1421 Lbs. exceeds the minimum weight requirement for a controlled substance container so it is not necessary to utilize a bolt down kit. An optional internally mounted door contact/fire sensor is available.

This safe is equipped with a UL Rated Group 1-R lock, with relocking mechanism, it is available with up to four (4) optional user adjustable extendable pharmacy shelves. The safe is depicted above equipped with a right swing door. However, it is available in either left or right swing door configurations, per your installation requirements, at no additional charge.

The standard color is Gray, but other colors are optionally available.
